## A marquee wedding on the Cedar Lawns

For those with a larger budget, and wanting a bigger party, we can arrange for a marquee to be erected on the lawns overlooking the castle for your wedding reception.

Every party is different, so we cannot quote prices without a clearer idea of your exact requirements. But as a guide, the facility fee would be £10,000 for up to 200 guests, with a similar cost likely for a fully lined marquee with kitchen, furniture, a dance floor and private facilities. A supplement of £20 per person is payable for every additional guest you have over 200 people. A morning ceremony in the castle for up to 100 guests can be added for a facility fee of £2,000, or you could be married in a local church. A complimentary bedroom for the bride to change in is included.

Our in-house caterers, Leith's, will be able to quote for all your food and beverage needs; marquee dining menus start from £110 per person. Alternatively we have an approved Indian caterer, or you may use your own caterer, subject to a royalty of 20% on all catering and a minimum spend of £100 per guest.

We can provide everything from private car parking, golf buggies and land trains to security, and we will help you liaise with approved contractors.

Come in and talk to our sales team, who will be glad to help tailor your event to your exact requirements.

All prices include VAT at the prevailing rate.
